

Schlüter®-KERDI-BOARD

Waterproof substrate and structural board

PROFILE OF INNOVATION

Schlüter®-KERDI-BOARD

A comprehensive substrate solution for tile and stone.

Perfect Covering

Lightweight, practical, and easy to install - in contrast to conventional structural panels, which can be unwieldy to handle in construction, Schlüter®-KERDI-BOARD makes it easy to create even the most complex structures. That is due to the extensive and sophisticated product range and the particularly intelligent design of the panel.

In addition, Schlüter®-KERDI-BOARD is a backer board for tile and stone and forms a reliable bonded waterproofing assembly together with our KERDI waterproofing system.

Schlüter®-KERDI-BOARD offers the following properties:

- Even, impact resistant and rigid
- Waterproof and temperature resistant
- Functional bonded waterproofing assembly
- Vapour retardant
- Thermally insulating
- Fleece webbing for easy anchoring in thin-bed adhesive
- Quick and easy to install
- Lightweight, easy to handle and transport
- Contains no cement or fibreglass
- Easy to handle
- Dust free and easy to cut (with a utility knife)
- Printed gridlines for precise cutting
- Suitable for use on any kind of background substrate
- Suitable for free standing partition walls, shelves, coverings and similar structures
- Prefabricated niches available

- Waterproof and temperature resistant
- Suitable for use on any kind of background
- Fleece webbing for anchoring in thin-bed adhesive
- Functional bonded waterproofing assembly

- Dust free and easy to install
- Printed gridlines for precise cutting
- Lightweight and easy to transport
- Easy to handle

Dimensions and packaging data of Schlüter®-KERDI-BOARD							
Panel thickness	5 mm	9 mm	12,5 mm	19 mm	28 mm	38 mm	50 mm
Packaging unit (PU)	10 panels	10 panels	10 panels	6 panels	4 panels	3 panels	3 panels
Pallet content	14 VPE 140 panels	8 VPE 80 panels	6 VPE 60 panels	7 VPE 42 panels	7 VPE 28 panels	7 VPE 21 panels	5 VPE 15 panels
Size 125 x 62.5 cm m ² / pallet kg / panel	109.20 0.64	62.40 0.77	46.80 0.79	32.76 0.94	21.84 1.20	16.38 1.44	11.70 1.75
Size 260 x 62.5 cm m ² / pallet kg / panel	226.80 1.34	129.60 1.60	97.20 1.65	68.04 1.95	45.36 2.50	34.02 3.00	24.30 3.65

- Even, impact resistant and rigid
- Vapour retardant
- Thermally insulating
- Free of cement/fibreglass

Note:

Many substrates encountered in new buildings and renovation projects are unsuitable for tile installation, especially in areas with high moisture. This can require comprehensive additional work and waterproofing measures. **Schlüter®-KERDI-BOARD** makes it easy to create an instant substrate for tile installation over substrates as diverse as masonry, stud frame constructions of wood or metal and mixed/existing substrates in renovation projects.

- Fleece webbing
- Cement free reinforcement layer
- Extruded hard foam
- Cement free reinforcement layer
- Fleece webbing

Schlüter®-KERDI-BOARD

The intelligent structural panel

For vanities and shelving

For panelling bathtub surrounds

For partition walls

For creating curved wall surfaces

Niches and integrated shelves

For kitchen work surfaces

For concealing pipes

On stud frame structures

On green masonry or mixed substrates

For further details and installation instructions, please refer to our product data sheet 12.1,
or visit our website at www.kerdi-board.co.uk.
